Education and Health Policy Committee
Adult Literacy

~~Strikethrough print~~ represents text which has been deleted.

Bold and italicized print represents text which has been added or modified.

In recognition of the large number of adults in the 18 Delta and part-Delta counties in Northwest Mississippi, who seek to establish and/or improve reading skills, Delta Council offers its sustaining support for the Adult Literacy Program which has been brought to Delta Council through the cooperation of local leaders and the skill sets of Fairview Learning. Delta Council board members, officers, and the full membership earnestly support the expansion of this program into all 18 counties, and urge federal, state, local and private interests to join in support of this program which affects the lives of Delta citizens and their families.

We express special gratitude to the Delta Regional Authority and the USDA-RDA for their partnership in this endeavor. Of special significance, however, we are grateful to the Delta businesses who have stepped forward to exhibit support for this program:

BankPlus
Deer Creek Foundation
Delta Regional Authority
Feild Cooperative
Guaranty Bank-Belzoni
Planters Bank-Indianola
StapICotn
USDA-Rural Development
