**Resolution
Education and Health Policy Committee
Delta Education Initiative**

After numerous years of successful implementation of the Delta Education Initiative, which includes the Delta Teacher Shortage and Administrator Enhancement Programs, Delta Council reaffirms its continuing support for the future growth of this higher education curriculum at Delta State University. ***To date, more than 80 teachers have graduated and are in the Delta workplace.***

Delta Council expresses its appreciation for the far-sighted leadership of U.S. Senator Thad Cochran ~~and former U.S. Senator Trent Lott~~, who ~~have~~ ***has*** provided continuous and meaningful support for these federal initiatives which make this Delta State University program successful.

**Adopted by: Delta Council Board of Directors
May 23, 2008**
